

What is the Campuswide Honors Collegium?

The Campuswide Honors Collegium is an academic program that offers an ideal learning experience for talented students. If you are bright and highly motivated, and value learning and how it changes you, then this is the program for you! The Collegium offers **academics, community, and support** that enable students to get the most out of their education. We offer a special honors curriculum, mentorship by UCI's outstanding faculty, undergraduate research, and interaction with other highly motivated students. The Campuswide Honors Collegium has an active roster of over 1,000 students, including over 170 transfer students, representing nearly every major on campus. Enhanced honors academic advising support provides you with assistance in making the most of your UCI experience as well as applying for scholarships, internships, education abroad, and graduate or professional school.

Participation in Campuswide Honors will introduce you to new worlds and ideas that can help you prepare for your future, whether it be graduate school or your career of choice. Please see honors.uci.edu/chp/ for more information.

Benefits

- Research project with a faculty advisor
- Honors academic advising support
- Leadership development
- Interaction with outstanding faculty
- Social events and service opportunities
- Special library study rooms
- Priority registration for classes
- Honors housing option
- Honors notation on UCI transcript and diploma

Admission to the Campuswide Honors Collegium

There are two paths to admission to Campuswide Honors for transfer students (transfer from community college or another college or university):

1) Honors to Honors

The Honors to Honors* program is offered by UCI's Office of Admissions, for students who will successfully complete an approved community college honors program with a GPA of 3.7 or better. Eligible students must apply to UCI and be nominated for Honors to Honors by a community college honors director at one of 60 California partner community colleges. See the full list of eligible community colleges at honors.uci.edu/prospective-transfer/. If admitted under Honors to Honors, students receive admission to both UCI and Campuswide Honors as well as priority consideration for merit scholarships. The community college honors program must be completed by the end of the spring semester prior to transfer.

2) By Application

Transfer students may submit applications until the end of Week 2 of winter quarter of their first year at UCI using their UCI transcript. In order to apply you must have completed at least one quarter at UCI of 12 graded units and have a UCI GPA of 3.5 or higher. Applications for incoming transfer students are accepted either prior to entering UCI (deadline August 1), or in winter quarter of the first year at UCI (date to be announced). For honors course requirements see honors.uci.edu/transfer/

**Honors to Honors is independent from, and should not be confused with, the Transfer Admissions Guarantee (TAG), which guarantees admission to UCI for transfer students who meet certain criteria. Contact UCI's Office of Admissions for more information about TAG.*
